

UDAYKUMAR KOTIPALLI

Data Annotator | AI Model Evaluation & Data Quality

Hyderabad, India • 7382129156 • freelancerr.udaykumar@gmail.com • [linkedin.com/in/kotipalli-udaykumarr](https://www.linkedin.com/in/kotipalli-udaykumarr)

PROFESSIONAL SUMMARY

Detail-oriented Computer Science graduate with hands-on experience in data annotation, data labeling, and AI model evaluation. Currently labeling, reviewing, and quality-checking data for AI training projects at Multimango AI, working from detailed and evolving project guidelines. Comfortable working independently on remote, self-paced task queues, with a strong focus on accuracy, consistency, and catching errors.

WORK EXPERIENCE

Freelance Data Annotator 2026 – Present
Multimango AI | Remote (Independent Contractor)

- Apply accurate labels and categorizations to diverse datasets in line with detailed, project-specific guidelines.
- Evaluate AI-generated outputs and content against defined quality criteria, flagging errors, inconsistencies, and quality issues.
- Review and validate annotated data to maintain accuracy and consistency across assignments.
- Adapt quickly to new task types, workflows, and updated labeling guidelines as project requirements change.
- Manage time and complete assignments independently in a fully remote, queue-based workflow.
- Support AI data workflows by delivering reliable, high-quality labeled data for model training.

SKILLS

Annotation & Evaluation: Data Annotation • Data Labeling • Data Categorization • AI Output Evaluation • Content Evaluation • Data Validation • Quality Assurance

Tools: Microsoft Excel • Google Sheets • Basic Python • Internet Research

Working Style: Attention to Detail • Following Complex Guidelines • Independent Remote Work • Time Management • Adaptability to New Workflows

EDUCATION

Bachelor of Technology (B.Tech), Computer Science Engineering 2025
GIET Engineering College, Rajahmundry (JNTUK)

LANGUAGES

Telugu • English • Hindi
